

**Updates in Correctional Health Care: Partners in Public Health  
April 24-27, 2010**

**APA Approved Sessions**

The National Commission on Correctional Health Care is approved by the American Psychological Association to offer continuing education for psychologists. NCCHC maintains responsibility for the program. This educational activity has been approved for up to 25 hours of credit. According to the APA, continuing education credit for psychologists should be offered only for sessions pertinent to their discipline. NCCHC's education committee has identified the sessions listed below as appropriate for CE credit for psychologists. Please note that this is a preliminary schedule and that actual sessions and times may vary.

**Saturday, April 24**

**9 am – 5 pm**

An In-Depth Look at NCCHC's Standards for Health Services in Jails and Prisons
