Dear Colleague:

Please join us in historic Boston for a chance to learn from and exchange ideas with other correctional health care leaders from across the country.

The Correctional Health Care Leadership Institutes is a one-of-a-kind event designed specifically for management team members like you – clinicians and administrators, seasoned executives as well as emerging leaders on track for the next level.

Wherever you are in your career, you will benefit from learning more about critical issues and challenges. Our esteemed faculty will explore both essential and advanced legal, operational and medical topics, including budgeting, security, safety, quality improvement, productivity, risk management and more. NCCHC, long the leader in working to improve the quality of health care in jails, prisons and juvenile confinement facilities, is uniquely qualified to bring you this programming.

The physician/clinician track is recommended for all staff members trained in direct care who are interested in developing or deepening management responsibilities; the health administrator track is designed for professionals charged with achieving executive and operational excellence in their programs. The tracks are produced in conjunction with the Academy of Correctional Health Professionals and the American College of Correctional Physicians, the largest professional societies for correctional health professionals and physicians in the world.

The conference also offers targeted networking opportunities, exhibits and some leisure time to explore Boston. We hope you will join us for this exceptional educational opportunity offered only once a year, and we look forward to seeing you there.

Best regards,

Jayne Russell, MEd, CCHP-A
Chair, National Commission on Correctional Health Care
Margaret Collatt, BSN, RN, CCHP-RN, CCHP-A
Chair, Academy of Correctional Health Professionals
Todd Wilcox, MD, MBA, FACCP, CCHP-P, CCHP-A
President, American College of Correctional Physicians

---

Special Thanks

The following companies have made generous sponsorship investments to help support this event.

MHM Correctional Services, Inc. Wexford Health Sources, Inc.
The 2016 Leadership Institutes program is designed to raise the level of expertise and increase leadership capabilities of physicians, other clinicians and health administrators in the correctional environment. Meet the next generation of leaders. Share insights, innovations and new solutions and make contacts you’ll rely on for years.

**Conference Educational Objectives**

Attendees will be able to:

- Examine the role of correctional health care leaders including administrative roles, organizing health services and applying legal and ethical practices
- Employ process improvement systems such as quality improvement, utilization review and risk management
- Identify recruitment, retention and supervision best practices for effective staff management
- Describe strategies for integrating health care services and personnel into a correctional setting

CCHPs, nurses, physicians and psychologists can receive 14 hours of continuing education credit by attending this program.

Visit [www.ncchc.org/leadership-institutes](http://www.ncchc.org/leadership-institutes) for more information.

---

**CCHP: The Mark of Professional Leadership, Commitment and Expertise**

The CCHP credential recognizes mastery of national standards and the specialized knowledge required of a correctional health care professional. It is also a stepping-stone and eligibility requirement toward advanced specialty certification, including the Certified Correctional Health Professional – Physician (CCHP-P) certification.

The CCHP, CCHP-MH, CCHP-P and CCHP-RN exams will be offered in conjunction with the Leadership Institutes on Saturday, July 16.

- Demonstrate a foundation of expertise in your specialty
- Show correctional facilities your specialized knowledge
- Encourage the field to recognize corrections as a specialty
- Elevate your basic CCHP certification with specialty certification in your field

The application deadline is June 9. Learn more at [www.ncchc.org/cchp](http://www.ncchc.org/cchp).

It’s all about leadership. Building a better future and reinventing correctional medicine requires visionary health care leadership.”

—RADM Newton E. Kendig, MD, retired medical director, Federal Bureau of Prisons and assistant surgeon general of U.S. Public Health Services
Session Topics

Hotel Information and Reservations
All events take place at The Westin Copley Place, 10 Huntington Ave., Boston, MA. This elegant hotel is ideally situated in the historic Back Bay district. Guest rooms are available for $189 per night. Book by Tuesday, July 5, to receive the special rate.

Call 800-228-3000 to book your room. To receive the discounted rate, tell the reservation agent that you are attending “NCCHC 2016.”

Registration
Registration includes breakfast and lunch each day and full access to the proceedings in electronic format. Register by June 17 and save $100 with the early-bird rate of $425.

Notification of cancellation must be submitted in writing. Cancellations received by June 17 will be refunded less a $100 processing fee. No refunds will be made for cancellations after June 17. Delegate substitutions are allowed at any time, but NCCHC must be notified in writing. Registrants who fail to attend the conference and do not notify NCCHC are responsible for full payment.

Double the Opportunity to Learn
Extend your stay and learn about the most challenging issue facing today’s correctional field at the NCCHC Correctional Mental Health Care Conference. It takes place July 17-18, immediately following the Leadership Institutes, at The Westin Copley Place. Save $100 when you register for both events.

Learn more at www.ncchc.org/mental-health-conference.

“...enjoy the NCCHC conferences and in just a few days take in so much information – important and useful information – from experts and highly experienced leaders in the correctional community.

Exhibits and Sponsorships
Contact sales@ncchc.org to learn about gaining visibility through a cost-effective tabletop display and event sponsorship opportunities.
The conference empowered me to take an active role with my staff and to be more aware of patient safety issues. I learned how to better handle issues that we are currently experiencing.

What I found most fascinating and thought provoking were the presentations looking to the future—what we can expect and what we need to prepare for. We need that vision to ensure we can meet our missions successfully in the years to come. It is a proactive approach, a healthier, more sustainable way to approach the future rather than being reactive, which is frustrating and exhausting, not to mention inefficient.
